

## **Who is Metrix Group?**

Metrix Group LLP is a mid-sized CPA firm with offices in Edmonton, Lloydminster, Whitecourt, Evansburg, LaCrete, and Fort Saskatchewan employing a team of over 100 people, including 10 partners.

We have a well-established and vibrant practice offering our clients traditional accounting work (notice-to-reader, review and audit engagements) as well as providing specialty services in taxation, estates and trusts, business valuations, and consulting that serves a broad range of clients covering small-medium sized owner managed businesses, not-for-profit organizations, co-operatives, school divisions and local governments.

From our beginning in 1962, we have a rich history with a reputation built on integrity, hard work and clarity. In addition to our deep roots, we have and continue to experience a great deal of growth through organic expansion and numerous mergers, and we look forward to branching out and building our presence further into urban and rural areas in Alberta and Western Canada over the coming years.

We believe that giving back strengthens our communities, our employees and our firm. We are involved in various causes in our communities and encourage our employees to be actively involved in the causes they choose to support. Our involvement includes donations of time (paid volunteer time), energy and resources.

We also believe in building community within our walls – our incredible culture has resulted in less than 5% staff turnover year over year. We're proud to share our many success stories of articling students growing into Audit Seniors, Managers, Senior Managers, Partners and in some rare cases, taking Executive level roles in industry thanks to the training and support that they received from us.
